

# Manager's Report February 2024

Burials for the Month of December are enclosed with packet

## Monument Settings

( )2X2 (4)2X4 (2) 2X8 (1) Glue on Plaque

**2/5** Managers first day back from surgery. We had some storm damage from last night's high winds which are minimal. Brought to my attention we have a Zelkova tree with broken limbs still attached to the tree in section 10. Waiting for the weather to clear up to get the limbs removed for safety reasons.

**2/12** Tree service for PG&E removed dying pine tree at the south end of Section 10 of the New Catholic.

**2/13** General meeting, Shay Clay came and looked at our newly purchased lowering devise and found no problem.

**2/14** Broken limbs were successfully removed from the Zelkova trees in section 10.

**2/20** Surprising no storm damage from the storm that hit over the weekend. Received 5 monuments to be set, however we are waiting on weather to be able to pour concrete so we can get them set.

**2/22-23** Took advantage of the break in the weather and able to pour 6 slabs and one glue on plaque.

**2/27** Manager will be out on sick leave for shoulder surgery, tentatively until March 19<sup>th</sup> depending on post-op Dr. visit. Will be restricted to Office duty.
